

# ANCHOR CAPSTANS

- STEPLESS SPEED
- TWO DIRECTIONS
- LIGHT WEIGHT
- UP TO 160 KN
- COMPACT STRUCTURES
- ADJUSTABLE HEIGHT

THR is able to supply an anchor capstans for a wide variety of anchor chain.

The electric anchor capstan can be delivered with a one, two or three-speed electromotor. The advantage of the hydraulic or frequency driven anchor capstan is the possibility for stepless control of the chain wheel and warpinghead.

The chain wheel can be operated by means of a hand- wheel is mounted on the topside of the warpinghead. Anchor capstans are equipped with a horizontal bandbrake with the brake anchor fitted to the gearbox.

THR is also able to deliver anchor capstans in high polished stainless steel yacht execution.
